

# Impact of the Month

## April

2022-05-02

### Finally the heat came!

**So long we have been waiting! With the spring weather came also new energy to work and finish ongoing projects.**

Do you have anything you wish Consensus to work with, or a question that you think Consensus should bring more attention to? Please let us know by contacting us, you can find our information to the right!

**Consensus**

MEDICINSKA FAKULTETENS  
STUDENTKÅR

Impact of the month is Consensus way to give you a bigger insight in our impact work. If you want to read more Impact of the month you can find them at:

## Collaboration forum with Program Director

During a longer period of time many discussions about the collaborations between the sections and the program directors, and that the sections want to improve the relationship. Consensus strongly believes that many questions related to education and study environment can be solved at a program level, which requires a good contact between section and program directors. To improve the collaboration Consensus has over the course of the spring created a forum where program directors meet the sections with the purpose of discussing how to best collaborate with each other. Currently one section has had the opportunity to try this out and it was very appreciated. The project will continue during the spring and the ambition is that the majority of program directors shall have met us and their respective sections before the summer.

## Student awards

Students at the Faculty of Medicine and Health Sciences have nominated teachers, clinical placements and excellent inspirers for the Student Awards. On the 16th of May it's time for the award ceremony and everyone is welcome to congratulate our nominees and winners to their respective awards.

Where: Outside Hasselqvist

When: at 17:00 the 16th of May

## MedFak day of Exams

Consensus participated in the faculty's day of Exams during April. It's a new initiative taken by the faculty and is a result of your answers from the Student survey 2022. The day mainly focused on feedback on exams, and Consensus provided the participants a presentation on feedback from the students' perspective. The day gave many interesting reflections and we hope that it eventually will reflect in future feedback on exams.

## Meeting with MedFak unions in Sweden

During the early spring the Swedish government decided, following an EU-directive, that the Nursing programme should have at minimum 50% clinical education during their studies. This caused much turbulence at all the universities in Sweden, and as a result of that Consensus decided to coordinate a meeting with the MedFak student unions in Sweden. We met on Zoom and discussed all universities work regarding this and the prerequisites for this happening, which was very insightful. Our collaboration will continue over the spring and hopefully also in the next operational year.

## Housing guarantee in Norrköping

During a longer period of time the municipality of Norrköping, Linköping University and the student unions have collaborated and pushed for housing guarantee in Norrköping. It has now been finalized, from this autumn the housing guarantee is a fact! This hasn't existed in Norrköping before, and we are happy to have contributed to this decision.

## Sveriges radio - P3

The 4th of May our President of the Board Lydia was interviewed in P3 to comment on the survey that was made to map out the staff shortage at the hospitals this summer. The survey establishes that the staffing will be a problem this summer too as more than half of the regions are saying that the situation is the same, or even worse than last summer. The interview is in Swedish, and you can listen to it on the link below approximately 30 minutes in. <https://sverigesradio.se/avsnitt/p3-med-juan-havana--103>

## Drug-free Campus

Together with LinTek and StuFF we've worked with the student health and Kårservice with a campaign which aims to highlight the negatives with narcotics. The initiative was made together with all parties following incidents that happened on campus during the autumn. You can read more about it in the coming weeks on our social medias, so keep your eyes open!

## Last PreCSN breakfast of the year

Consensus have hosted our last Fattigfrukost of the semester. We have had approximately 150 guests per breakfast, and it's been so nice getting to meet you all! We hope to see you again when autumn semester starts! när höstterminen drar igång!
