2. RIGHTS AND RESPONSIBILITIES

- 2.1 If the car is damaged or for another reason cannot be made available to the renter in accordance with this agreement (for example if Consensus has urgent need for the vehicle) then Consensus shall communicate this to the renter as soon as feasibly possible. Should this be the case, Consensus does not oblige itself to provide alternate transportation, and the booking is instead cancelled.
- 2.2 The renter shall return the keys to the vehicle to Consensus at (date, time): _____, _____ at the latest. The keys must always be returned to the Consensus board member responsible for the vehicle, unless otherwise specified in §5.
- 2.3 The driver's name, the date, the odometer reading at the start of the rental period, the distance travelled during the rental period and the renter's signature must be recorded in the driving journal. Consensus retains the right to forward any costs incurred from improperly recorded or absent information to the renter should the renter fail to properly record said information. The driving journal is kept within the vehicle.
- 2.4 The cost for renting the vehicle is 100 kr per two-hour rental period, or 400 kr per diem, in addition to 22kr per 10km distance travelled.**
- 2.5 The renter is responsible for ensuring that the vehicle is returned with at least a half tank of fuel remaining. Consensus will compensate the cost of refueling the vehicle should this be needed, upon presentation of a valid receipt.
- 2.6 The renter is held responsible for the costs of any damage incurred to the vehicle during the rental period which the vehicle's insurance does not cover. Any deductibles or fines for traffic violations incurred during the rental period shall be paid by the renter.

The renter shall also bear responsibility for paying any other costs incurred by violating this paragraph. Upon repeated violations and/or repeated inappropriate behaviour, the Consensus board may vote to deny the person/organization the

possibility of renting the vehicle. If the renter does not find the vehicle in a suitable condition upon starting their rental period, then this shall be reported to the Consensus board member responsible for the vehicle as soon as possible. Should the renter fail to do this, then the renter will be held responsible for any garbage that may be found in the vehicle after the end of the rental period, regardless of how it got there, and be charged accordingly.

2.11 The renter shall be mindful of the fact that they will be representing the union outwardly whilst using Consensus car. This means injudicious and irresponsible behavior in traffic can cause damage to Consensus reputation and will have due consequences in cases where the Consensus board deems appropriate. These stipulations apply during the entire rental period including when the car is not actively being driven, for example when it is parked. Consensus retains the right to charge the renter a punitive fee of up to 1000kr, should the renter be found to have violated §2.10.
