CONSENSUS VISIONSDOKUMENT

WHAT WE ARE, WHAT WE STAND FOR AND WHAT WE STRIVE FOR

Consensus - The Faculty of Medicine and Health Sciences' student union is a strong voice that constantly speaks on behalf of the students through advocacy work in all available forums and at all levels within the university. The following document is intended to support active members of the Consensus organization in the decision and formulation of an action plan. The document should also guide the organization and permeate Consensus' work and be seen as something to strive for without concrete goals or action plans.

" A CORPS NEAR YOU "

Consensus shall strive to be a student-oriented union. The activities conducted shall be based as far as possible on the opinion of the member and the ordinary student. Opinions should be easy to convey and it should never be, or be perceived as, difficult to reach consensus. The cooperation with the sections is of great importance as the organizations' natural links to each other. A well-functioning collaboration in turn contributes to increased student influence, student benefit and a richer student life.

This means that Consensus...

- ... will monitor and develop students' opportunities for influence in Consensus' activities.
- ... will evaluate and develop routines to give all union members a basic knowledge of Consensus' activities.
- ... evaluate, develop and maintain cooperation and relations with the sections.
- ... shall evaluate and develop contact channels and information flows from and to the student population regardless of the main place of study.

" NEVER STRONGER THAN OUR MEMBERS "

The Consensus organization is maintained through its members, without them Consensus cannot function. Individual students should feel a given added value from being a member. Becoming a member should also be easily accessible and attractive. Consensus and sections must work together to retain and recruit members. A larger number of members contributes with impact to Consensus and sections in advocacy work.

This means that Consensus...

- ... should clearly convey the membership benefits and the importance of membership, both for individual students and for the organization Consensus and section.
- ... will develop the added value of being a member of Consensus and section.
- ... In collaboration with the sections, strive to make it easy and attractive to become a member.

" INSURE YOUR STUDY TIME "

The investment members make to become part of Consensus will be directly reinvested in improvements in the quality of education, study environment and student life. An individual student should feel a given added value of being a member and thus be informed about his or her individual, as well as members' common, influence and influence.

This means that Consensus...

- ... will develop the ongoing work to improve the quality of education at the Faculty of Medicine.
- ... will develop the ongoing work to secure the students' work environment.
- ... shall strive to ensure that the Union's resources are used where they are most useful.
- ... will work for all students at the Faculty of Medicine in the advocacy work that is conducted.
- ... in collaboration with the sections will highlight the importance of student representation.
- ... in collaboration with the sections, will develop the ongoing work to improve students' conditions to carry out and complete studies at the Faculty of Medicine.

" FOR A RICHER STUDENT LIFE "

Consensus will work for a socially enriched student life alongside their studies. It is important to find peace and joy between study assignments and then experience that there are activities on offer. Hand in hand with the work that is being carried out for a richer student life, Consensus ensures that the commitment that comes with it will be sustainable.

This means that Consensus...

- ... will develop the collaboration with and advocacy work at Kårservice Aktiebolag.
- ... will develop the informal collaborations that exist with all union houses for a strive for good student social well-being.
- ... shall monitor, support and promote the work of the organisation's partner organisations for a richer student life.
- ... In collaboration with the sections, the Guilds shall offer members and students opportunities for employment and engagement in various forms, for the benefit and joy of members and other students, regardless of financial and physical conditions.
- ... will work to promote a sustainable commitment for students who are involved in association and student life.
- ... shall work to promote a safe and secure student life, both on Campus and outside its premises.

" A LINK TO YOUR FUTURE "

Consensus will contribute to increasing the student's individual awareness of their career opportunities during and after their education at the Faculty of Medicine.

This means that Consensus...

- ... will develop the work with and around the career fair CARMA.

- ... will integrate the connection to the student's future as a natural part of the union's ongoing activities.
- ... will strive to offer students variety in forums for inspirational meetings.
- ... will work to highlight research as an alternative career path.
